AquaRite® S3
Salt Chlorination Systems

#1 BRAND IN SALT WATER POOLS
NOW WITH BUILT-IN CONTROL

SALT CHLORINATION PLUS BUILT-IN CONTROL: THE SMARTEST WAY TO UPGRADE.

AquaRite S3 offers all the benefits of silky-smooth water you'd expect from the #1 brand in salt water pools, along with pool and spa control. With two model options and easy-to-add accessories, it's easy to customize to any pool—and update as needs change.

1 START WITH SUPERIOR SALT WATER

AquaRite S3 automatically converts dissolved salt into a virtually endless supply of chlorine. Experience softer, silkier pool water that won't irritate eyes, dry out skin or fade fabrics—all while reducing chlorine costs by up to 50%.

2 CHOOSE THE LEVEL OF POOL & SPA CONTROL

AquaRite S3 offers basic control over salt chlorination, a heater and a variable-speed pump. AquaRite S3 Omni® gives you advanced control of all pool and spa features from anywhere with the intuitive OmniLogic® app.

3 ADD ON ACCESSORIES (ANY TIME YOU WANT)

When you start with AquaRite S3, what you create is up to you. The system can be built upon at any time with easy-to-add accessories—and both systems include a clear cell for easy inspection.
