BRIGHT THINGS COME IN SMALL PACKAGES.

As the only wet and dry landscape lighting solution certified for use within 10 feet of the waterline, ColorLogic® 80 LED lights are the perfect choice for just about anywhere around—or in—the water. Their niche-free design makes them slimmer and brighter than any other lights available, giving pool owners unprecedented power to put their creative brilliance on on display.

SMALL IN SIZE, BIG ON BRIGHTNESS

These 1/2" lights are the smallest on the market yet deliver industry-leading lumen output for a dramatic lighting effect.

EASY, NICHE-FREE INSTALL

Designed to mount directly into a 1/2" Sch 40 pipe without complicated bonding or grounding, and are ideal for multi-light layouts that require precise placement.

VERSATILE APPLICATIONS

Ability to be placed in wet or dry applications to illuminate steps, decking, water features, waterfalls, landscapes, sun shelves, bubblers, up-lighting and more.

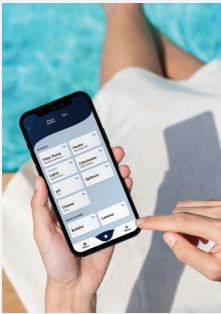

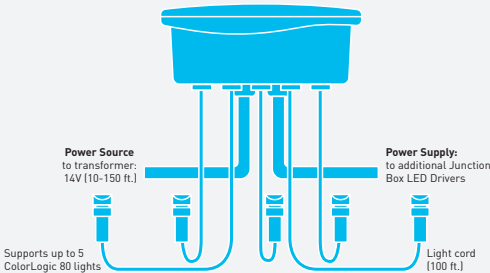

JUNCTION BOX LED DRIVER

Easy to connect and control up to 5 lights with just one Junction Box LED Driver (required), reducing the need for costly conduit runs.

JUNCTION BOX LED DRIVER (REQUIRED)

UNLOCK EVEN MORE FEATURES WITH HAYWARD OMNI®

With the addition of OmniDirect Mode™, Hayward LED pool fixtures are optimized for use with Omni automation systems, providing more control than ever. Features of OmniDirect Mode include:

- » Instant navigation to desired colors or light shows (no more cycling through every option)
- » Dimming capabilities (20% increments)
- » Speed adjustment for light shows
- » Access to 10 additional colors for increased customization opportunities (special occasions, sports teams, school colors and more)
